Is your Reaccreditation due?*

REGIONAL SKILLS TRAINING – SPRAY SOLUTIONS

Under the Agricultural and Veterinary Products (Control of Use) Act and Regulations, Controlled Substances Act and Controlled Substances (Poisons) Regulations it is mandatory that all persons who purchase and/or use Schedule 7 Poisons must have a Prescribed Qualification.

All chemical users are encouraged to participate in chemical training activities to develop efficient and safe use of chemicals.

Regional Skills Training Pty Ltd offers chemical accreditation in the safe and productive use of agricultural chemicals in open learning format.

On completion of training, competencies achieved are:

RTC3704A	Prepare and Apply Chemicals
RTC3705A	Transport Handle and Store Chemicals

Participants are issued with an academic transcript showing the above competencies plus a plastic accreditation card and number to carry in their wallet. Spray Solutions Chemical Accreditation is recognised by all input retailers.

SPRAY SOLUTIONS OPEN LEARNING

- Full accreditation or re accreditation
- No workshop
- Materials purchased via RST.
- Student completes assessment with phone, fax or email support.
- Individual participation
- Accreditation valid for 5 years

COST (all prices are GST exempt)

- \$220 per person
- \$430 for two people from same business to do separate accreditations.
- \$640 for three people from same business to do separate accreditations.

The cost of your chemical accreditation will need to be paid prior to RST sending you materials.
